## Early Exits

Which session from "Weavelog worksheet"	Dog on right or left	Description
3	Left	Was working on proofing. Fido exited when I tried to increase lateral distance more than 5 ft.

## Missed Entries

Which session from "Weavelog worksheet"	Dog on right or left	Description
2	Right	Fido missed entry by entering from left side of pole #1 rather than on right side of pole #1 when I sent him from 8 o'clock
4	Right	Straight approach. Fido ran by on first approach and then had to be brought back to try again.
5	Left	Angled approach. Fido entered between poles 2 and 3.
