

# September Spins

By Kathy Keats, The Agility Coach

September always seems like a chaotic month, and these exercises are no exception. Not only will you be practicing remembering sequences that have repeating sections, you will be working on different types of entrances, exits, and crosses at tunnels.

In the first exercise, there is an interesting opportunity from #7 to #9 to handle many different ways. See if you can treat jump #8 like the middle of a serpentine to allow you to easily get to the end of the #9 tunnel. Practice handling on the backside of the tunnels where the opportunity arises in the various sequences so your dog gets used to turning out of the tunnel toward you.
