Key: **Trigger:** Identify woman, man, child (boy or girl, age?), dog (type/size), activity level, etc. **Distance:** Distance at which dog reacts. (Helps ID threshold.)
Lunge: Forward movement **Bark:** Growling or barking **Intensity Scale:** 0=None 1=Mild 2=Moderate 3=High
Avoidance: Crouching, pulling to get away
Comments: Include things such as whether he could take treats; high-value (HV) or low-value (LV), how long he stayed aroused, more info about context, etc.
